H4H has benefited thousands of ex-service men and women since it started back in 2007. The charity has supported the guys in many ways and possibly re-written the rule book in the way support is offered. Read their 2016 report here. Click on pic

Time to get your team entry confirmed and join the grid for a great cause with just over a month until this year's race at Buckmore Park in support of Help for Heroes. Click on the link below to sign up.

K4H is a 3 hour race that has been attended by drivers ranging from absolute novices to those who spend their weekends out on track at venues across the UK. Despite this mix of abilities the event has one goal which is for everyone to have as much fun as possible whilst raising as much as we can for Help for Heroes. So the message to any potential teams is you may not win the race but your support WILL help many through the charity.

K4H AUCTION:

Every year our grand total is boosted by the K4H Auction. If you have anything you can donate for the K4H Auction please get in touch.

If you can, please join us on the 12th May with your own team or just come along to support us on the day.
